SECTION 2

FIELD GROWN PLANTS

"OUR 45th YEAR" OF SUPERIOR LINERS AND LANDSCAPE STOCK

GROWING BETTER ROOTS SINCE 1918

This list offers you the BEST VALUE in quality plants—with the best root system—for best results.

Long ago, we gave up grafting. Our plants are on their OWN—not on borrowed ROOTS—no graft weaknesses.

Our proprietary "Chemurgic" processes and Mechanical Innovations produce BETTER ROOTS and STURDY TOPS.

We are strictly wholesale growers.

"A NURSERYMAN'S NURSERY"

SECT. I. contains our offering of Liners for bedding out, also potted liners for row planting. Seek our advice on Lining out Rhododendrons. We offer 40 years of experience in this field. We annually produce 100,000 cutting grown Rhododendron Named Hybrids in over 200 Varieties, also our own crosses of Choicest Rhododendron Seedlings.

SECT. II. offers field grown plants for retail sales, also bedded plants for setting in rows and counter-trade.

Due to popular demand for larger stock—we have lined out 75,000 Rhododendron Named Hybrids—in addition to a large assortment of other choice plants—over the last 4 years—many of which are offered herein.

Light—but safe—yet reasonable packing, enable us to ship NATION-WIDE.

Door-to-door, enclosed truck delivery can be arranged—at low rates.

A one price policy is maintained—but, large orders earn QUANTITY DISCOUNT.

This list is our only representative. Since we have no agents or salesmen, we deal "directly and correctly" with our customers.

On substantial orders: PHONE "Person to Person—for VAN" 516—EDgewood 4-1100. Phone charge will be credited to your account.

Visit us when nearby—it's worthwhile... no obligation.

Order early to assure choice of varieties.

Your valued orders will have our prompt attention.

We also serve the Leading Garden Centers . . .

THIS CATALOG IS YOUR HANDY ORDER BLANK

Just CIRCLE the PRICE and WRITE the NUMBER of plants desired directly above or next to the circled price. After you have completed your order fold back the back cover. You now have an addressed, postage paid order card ready for mailing with just a staple or tape where indicated.

We will send you another catalog immediately upon receipt of your order.

NOTE: If your mailing address on the outside back cover is incorrect or incomplete please write in the correct complete mailing address.
If shipping destination is different please write in the complete shipping destination.

WARRANTY: Replacement only on proof plants are not true to name. Same quantity and size will be replaced without charge—F. O. B. Westbury L. I., N. Y. (All replacements are limited to purchase price only.)

RHODODENDRON

NAMED HYBRIDS

Hardy — Strong — Own Root — Transplants

This is a **PROFIT ITEM**—proven by more increased, repeat orders—each year—from steady, satisfied customers.

Our Rhododendron Liners, being "cutting grown," are **not** on borrowed tender roots; have **no** graft or union weakness and are **not** subject to understock suckering or disease.

We carefully select our cuttings from choice, healthy, vigorous, blooming named hybrids.

On their "own roots," our transplants are True-to-Name to the "tips" of their vigorous, healthy roots.

We produce **100,000 cutting grown Rhododendrons**, yearly in over 75 listed varieties and are hybridizing and testing many outstanding novelties.

Our Rhododendrons will develop **MORE** rapidly into strong, well branched, bushy, heavily budded stock—a welcome asset for the discriminating nurseryman.

Select TODAY!! from this list of interesting, choice Named Hybrids.

Ready MAY 1st—with vigorous tops and heavy, superbly rooted peat ball. . . . **THE FOLLOWING:**

RHODODENDRONS

WILSONI. Excellent, compact plant habit—ideal for rock gardens or foundation planting; flowers pink.

WINDBEAM. Lovely shade of delicate pink; multiple trusses, smothering the whole plant when in bloom. Foliage and plant habit are excellent.

The following small-leaved varieties are available in selected TRANSPLANTED SEEDLINGS: See page 8

*R. CAROLINA

*R. KEISKEI

*R. RACEMOSUM

See following pages for a COMPLETE LIST of choice Rhododendron Seedlings — Heavy Transplants.

DEXTER HYBRIDS

Own Root (Cutting Grown) Transplants

We have tested over a hundred plants which were chosen as the best out of thousands of the so-called “Dexter Hybrids” planted along the Eastern Seaboard. The following were selected for their outstanding flowering, foliage and plant habit. \$2.00 EACH (only 5 of a variety per customer); \$2.50 EACH for less than 5 of a kind.

AMETHYST. Huge frilled lavender flowers over four inches across.

Vigorous plant habit; never fails to bloom.

DEXTER HYBRIDS — Continued

BROOKVILLE. Charming large pink. Similar to Wheatley, blooming 10 days later.

MRS. WM. R. COE. Deep, brilliant pink with crimson throat. Immense trusses with flowers over four inches across. Lovely, glossy, dark green foliage.

SCINTILLATION. Large trusses of luminous pink flowers of exceptional substance. Dark green, handsome foliage. Ideal plant habit. One of the hardiest of the Dexter class.

WESTBURY. A lively pink flowering selection with golden sparkle in throat. Very floriferous; compact plant habit.

WHEATLEY. Upstanding trusses of delicate pink flowers. Exceptional foliage and plant habit. Holds color well in open situation.

FOR EQUITABLE DISTRIBUTION, THE "DEXTER HYBRIDS" ARE LIMITED TO 25% OF TOTAL RHODODENDRON ORDER.

• "ADVANCED" RHODODENDRONS

FOR FALL PLANTING

1 yr. Transplants — 9"-12". In multiples of 12 (12 per flat) — Available for Planting in OPEN FIELD this FALL — Requires no overhead shading — Makes an excellent "Finished" Plant in less than 3 years.

• RHODODENDRONS

75c Each at 100 Rate

Each variety sold in multiples of 12 only and 24 at 100 rate.

CATAWBIENSE GRANDIFLORUM. One of the best for foliage. Flowers are rosy-purple. Prolific bloomer.

CUNNINGHAM WHITE. Dense, compact plant; early white.

GIGANTEUM. A rose-red variety of vigorous habit.

ROSEUM ELEGANS. The BEST all round landscape plant. Forms a dense plant covered with good sized trusses of mauve pink.

• RHODODENDRONS

\$1.00 Each at 100 Rate

Each variety sold in multiples of 12 only and 24 at 100 rate.

CARACTACUS. An old standby with flowers of crimson. Habit of plant is excellent.

MC INTOSH. Aniline red; vigorous grower.

MINNIE. Blush white; orange pattern.

PURPUREUM CRISPUM. Purple flowers with wavy lobes.

ROSEUM PINK. A select form of Roseum Elegans, having the same good plant habit with large trusses of clear pink flowers.

• Available FALL as well as Spring.

• (And 1,000 Rate Does Not Apply.)

•Rhododendron Hybrid Seedlings

We offer plants grown only from hand-pollinated seeds. After many years of experience in growing hybrid seedlings, we have found it a waste of time to grow plants which were produced from open (uncontrolled) pollinated seeds.

Heavy Seedlings — Transplants — 1 Yr. TF (S)

Order in Multiples of 50 — 50 at 100 rate; 250 one variety at 1000 rate.

•RHODODENDRON CATAWBIENSE NAMED HYBRID CROSSES

25c Each at 100 Rate. (22c Each at 1000 Rate).

ATROSANGUINEA X AMERICA. The results of this cross show a better plant habit than either of its parents.

CHAS. DICKENS X ATROSANGUINEA. Both parents are recognized for hardiness and considered reliable red varieties.

CHAS. DICKENS X KETTLEDROM. Another good cross to produce very hardy red hybrids.

GLASS WHITE. Our native hardy white.

KETTLEDROM X AMERICA. This cross should produce very interesting red flowering plants.

KETTLEDROM X CHOCOLATE SOLDIER. For darker shades of crimson. The male plant is a very deep maroon.

•RHODODENDRON DEXTER (FORTUNAE) AND SPECIAL CROSSES

30c Each at 100 Rate (25c Each at 1000 Rate)

SCINTILLATION X AMERICA. This cross may produce more intense shades of pink.

SCINTILLATION X PARKER PINK. One of the hardiest combinations in the best outstanding Dexter varieties. (Sold out)

SCINTILLATION X WHEATLEY. Two of the best pink Dexters. Plant habit—trusses and flowers—excellent.

WHEATLEY X MRS. WM. R. COE. The male parent produces deep pink flowers over four inches across with a dark throat blotch.

CHAMPAGNE X BRACHYCARPUM. Should produce flowers of yellow, cream and apricot shades.

ORDER AFTER JULY 1, 1962 FOR FALL 1962 AND SPRING 1963 DELIVERY. PLEASE ORDER EARLY.

•RHODODENDRON SPECIES

The following plants are grown from seed collected from the best type of each true species.

25c Each at 100 Rate. (22c Each at 1000 Rate).

CAROLINA. Seed selected from an outstanding pink type, having excellent plant habit.

KEISKEI. Small foliage dwarf species with yellow flowers. Seeds from best, hardy clones.

RACEMOSUM. An excellent dwarf pink flowering species, ideal for rock-gardens and low foundation plantings.

FIELD GROWN RHODODENDRONS NAMED HYBRIDS — See SEC. II

FALL 1962 AND SPRING 1963 ORDERS ARE BEING ACCEPTED AFTER JULY 1, 1962. ORDER EARLY TO SAFEGUARD YOUR VALUED ORDER.

● Available, FALL as well as Spring.

RHODODENDRON

Named Hybrids

FIELD GROWN — NOT SHADED

Bushy — Own Root — Strong — Well Branched

See "Flower Bud" Explanation—Bottom of Page 25

"RHODODENDRON COLOR CHART"—Refer to Pages 25 and 26

Many nursery men are not equipped or inclined to bed out small liners from greenhouses. Upon popular demand we have bedded some of our excellent, **OWN ROOT** Rhododendron—True to Name—Hybrids.

THESE PLANTS were grown with special care and expert supervision—are free of insect and disease damage—are strong, well branched, bushy stock with ample root supply—are on **OWN ROOTS**—no suckering or weakness resulting from grafting.

THE LARGER SIZES can be used for landscape or sales to home owners, while the **medium sizes** can be planted in 3 ft. rows, 2 ft. apart, assuring a nice supply of saleable Rhododendron Named Hybrids. (Many of our customers also offer the **Medium Sizes** directly to the consumer.)

**We Offer The Following
BALLED & BURLAPED**

RHODODENDRONS

		EACH		
(Sizes refer to height)	B&B	1-9	10-49	50-249
